Lions Make Contributions To Flooded Countries

On Monday, March 16th, the Lions International, Raymond, met in their usual midmonthly dinner evening. 37 were in attendance, and the Legion Hall was well filled. Reports were given by Committee chairman, and we very much appreciated a splendid gift of a piece of land by Wayne Phillips for the purpose of building a children's playground. Work is proceeding rapidly, and we are sure the community will benefit greatly from this effort.

Leon Harker gave a detail of the obligations undertaken, and it will keep the Lions prowling day and night to keep up with the program. Renan Pack gave a resume of aims and objects of the Lions International, for the information of new members. Considerable work has been accomplished in the Calf Club division, and in the Air Cadet promotion.

The Lions Club has sent in two hundred and fifty dollars to aid the European Flood victims. One hundred dollars each was sent to England and Holland, and fifty dollars was sent to Belgium.

The "Leo's Night Out" was not as successful as in former years, but all those who attended had a grand time.

A few friends and relatives were guests at the home of Mr. and Mrs. Ira McBride Monday evening at a Trousseau Tea for Anita, and among the lovely things displayed were souvenirs of various points of interest brought back by Gordon Heggie. After a dainty lunch, the guests all assisted in wrapping wedding cake pieces.

One of Raymond's early pioneers, Bill Rodeback, passed away at the age of 65 Wednesday evening after suffering a severe heart attack last week.

Funeral services will be held on Saturday at 2:30 from the Second Ward Chapel.

Mr. and Mrs. Harold Stevens have received word that Sham is on his way home from fulfilling a mission in New Zealand. They expect him to be home near the middle of April.

W. I. Hear Talk On Aluminum

The regular monthly meeting of the Raymond W. I. was held at the home of Mrs. Geo. Swedish on Friday, March 13th.

With President, Mrs. D. Paxman presiding, the meeting opened with members singing "Red River Valley", followed by Creed with Mrs. Woolley leading. Roll call was responded to with "A Sketch of the Life of a Canadian Author". There were 16 members present, and three visitors.

It was voted to provide a first aid kit for the shop at the High School.

Our program was a talk given by Mr. Dean Rolison, on "The Aluminum Industry in Canada". He traced the rapid growth of the industry, named the various ways in which aluminum has been put to use, and described in detail the new plant near Kitimat, which will be in production in 1954.

It was decided to hold a pantry sale as soon as space would be available.

A letter was received from the local Hospital Auxiliary stating they would have a sale and tea in May, and asking for donations for a grab bag. It was voted to bring in these donations to the April meeting if possible.

Mrs. D. Paxman was appointed delegate to attend the District Convention of the W. I. in Lethbridge on March 26 and 27.

Door prize, which was donated by Mrs. L. Adams, was won by Mrs. Lewin.

After adjournment, a delicious lunch was served by the hostess, assisted by Mrs. F. Gardener.

A Sunday Night Study Group met at the home of Mr. and Mrs. Bill Meeks this week, at which time the interesting lesson was presented by Eldred Hudson. A delicious lunch was served by Mrs. Chuck Ackroyd at the close of the evening.

Mrs. Emma Dahl was in charge of the program at the Third Ward Relief Society Tuesday evening which consisted of a vocal solo by Mrs. Alice Court, "Just A Little Bit Of Heaven", a trumpet solo by Mrs. Irene Holladay, followed by a piano duet by Mrs. Emma Dahl and Mrs. Maybelle Anderson. Mesdames Melba Mehew, Jane McMullen and Moselle Baker sang "The Sunshine Of Your Smile", after which Mrs. Evelyn Melchin rendered the vocal solo, "When Irish Eyes Are Smiling". Mrs. Irene Miller gave a short talk on the Commemoration of Relief Society, and the entertaining program concluded on a humorous note with Skits featuring Moselle, Melba and Jane directed by Mrs. Betty Watson.

A tasty lunch topped off the evening.

Mr. and Mrs. Floyd Litchfield are enjoying a visit from their daughter, Mrs. Solon (Alice) Low of Ottawa and their young grandson whom they had not seen before.

Mrs. Low plans to be here a week or so while her husband is on a business trip to Edmonton.

On Sunday Mr. and Mrs. Floyd Litchfield, Grant Litchfield, Grace Johnson, Mrs. Alice Low, and Lorraine Litchfield of Lethbridge motored to Picture Butte where they visited Litchfield's daughter and husband, Mr. and Mrs. Ned (Alma) Woodruff.

Musical lovers of Raymond and District will have the opportunity of hearing an outstanding Alberta musical organization when the Calgary Symphony Orchestra under the baton of Clifton Hare, appears in the Civil Sports Centre in Lethbridge on Saturday, March 28th., at 8:30 p.m.

This concert is being sponsored by the Women's Musical Club of Lethbridge, a group which has as its main objective the presentation before the public of talented young musicians from all over Southern Alberta. Guest artists on their fall and winter series of concerts during the past two years have represented Claresholm, Wilson Siding, Medicine Hat, Warner, Crow's Nest Pass as well as featured artists from Calgary, Vancouver, Toronto and England. The Musical Club is a non-profit organization and draws its financial support from the sale of membership tickets.

The forthcoming presentation featuring the Calgary Symphony Orchestra has a double purpose. Apart from giving South Albertans an opportunity of seeing and hearing the orchestra, it has also been arranged as a farewell gesture to one of the south's most accomplished musicians. He is Dale Bartlett, 16, son of Mr. and Mrs. L. G. Bartlett of Wilson Siding and he will be guest pianist with the symphony. This young man is leaving for England in August to study under a scholarship from the Royal School of Music, one of two such awards granted to Canada annually. Having accomplished so much at such an early age, and, due to the fact he will be away from Canada for several years, the Musical Club arranged this concert to give Dale's followers an opportunity to hear him in a final performance—a gesture of goodwill and encouragement for his future career.

The Graham girls, Marguerite, Lavon and Florence returned on Wednesday after working in Houston, Texas the past several months.

After a few days visit with their family they plan to go to Calgary to work.

Michael Hill, son of Mr. and Mrs. Arledge Hill, recently celebrated his birthday by having a very enjoyable party.

Harry Johnson, Early Pioneer, Celebrates Birthday

Harry Johnson, one of Raymond's early pioneers, celebrated his eightieth birthday on Sunday at the home of his son-in-law and daughter, Mr. and Mrs. Joe Navratil. A very enjoyable afternoon was spent visiting with the elderly gentleman by Mr. and Mrs. Mei Richardson, Mr. and Mrs. Emil Clause, Mr. and Mrs. John Navratil, Mr. and Mrs. Jim Olsen and Mr. and Mrs. J. A. Navratil. After a few hands of cards a lovely lunch was served by the hostess.

Mr. Johnson arrived in Raymond on October 20th. in the year 1908; going back to his hometown in South Dakota in 1909 to marry Goldy Meldabourger and bring her back to this pioneer town.

He has seven children living; Ruth West and Elva Rombough of Taber, Celia Viola, Lavona Navratil, Erwin, George and Nathan Johnson of Raymond; Twenty-five grandchildren and four great grandchildren.

The first of a regular Monday Night Study Evening for the Aaronic Priesthood of the Second Ward was held this week with Mona Palmer presenting a lesson on The Anderson Plan. A social time is enjoyed each week also by the class.

Mr. and Mrs. Lyle Bigelow and Mrs. Fanny Litchfield were co-hosts at a Farewell Party for Mrs. Homer (Venita) LeBaron Saturday evening. Rook and a delightful lunch was enjoyed by Mr. and Mrs. Leo Vance of Lethbridge, Mrs. Anderson and Mrs. Connie Cox.

Mrs. LeBaron plans to leave soon for Logan where her husband is attending Agriculture College.

Shuttle Club Wind Up Season

Thursday, March 12, was the night of the Badminton Club's closing party. John Roberts, president of the club, was in charge of arrangements. Wives and husbands of club members were special guests. After many closely contested games a delicious lunch was served. Ann Turner, assisted by club members, prepared the delicious food. Joe Strong entertained with jokes, and films were enjoyed.

New officers were elected for next year. President, Wallace Wilde; Vice-President, Barbara McPhee; Secretary, Keith Turner.

The club wishes to announce that there is room for more members. Put a badminton racket on your Christmas list and come play next winter. There's no better game for all ages.

The club has enjoyed a fine year and all the past executive wish to thank all committees for their assistance.

Official Start Made On New Recreation Hall

Monday morning a crowd of local residents were on hand at the Stake House grounds to witness the sod-breaking ceremony for the new L.D.S. recreation hall. Presidents J. H. Walker and John L. Allen manned the shovels for this great event that is the initial step toward Raymond having one of the finest recreation halls in the country. The building will be 84 feet by 110 feet and will be connected onto the north side of the Stake House. Work has already started and it is planned that the building should be entirely closed in before winter strikes.

BORN TO

Mr. and Mrs. Glen Meeks, a boy, on Monday, March 16th.

Mr. and Mrs. Bob Bennett, a girl, on Wednesday, March 18th.

Mr. and Mrs. Charles Romeril, a boy, on Wednesday, March 18th.

Mr. and Mrs. Jack Ralph, a boy, on Friday, March 20th.

June Woodhead entertained in honor of Anita McBride last week with the girls spending a gay evening making a Bride's Book followed by a delightful lunch.

Raymond and District has reached a total of \$651.75 in its annual Canadian Red Cross Society campaign for a quota of \$1750.00. With the month-long Campaign half over, Campaign Chairman, Mrs. Hall, asks that everyone who has not yet contributed to the fund do so in order that this district may go over the top.

We cannot afford to curtail any of the Red Cross services. "Mrs. Hall" said. "There is no person in this area who can tell when he may be in need of any of the Red Cross services: The Blood Transfusion Service, the Alberta Red Cross Crippled Children's hospital or Disaster Relief."

"Keeping the Red Cross alive in this area is an important type of insurance—insurance that will rush to your aid, without questions asked, the minute you need its services."

With a provincial quota of \$459,000 during the 1953 campaign, the Canadian Red Cross Society plans to spend over \$600,000 during the year in Alberta. This includes the nationally-supported Blood Transfusion Service as well as Alberta's own particular project, the Alberta Red Cross Crippled Children's hospital which cared for 317 patients, including 149 polios, during 1952.

Other Red Cross services include disaster relief, welfare, Junior Red Cross, swimming and water safety, services to veterans both in and out of hospital and women's work for both at home and overseas.

Word has been received here of the passing of Thomas Forsythe at the home of his brother John, in Salt Lake City. Mr. Forsythe, who was 78 years of age, was one of ten children and is survived by three brothers and three sisters. He was not married. He came to Canada in 1906 and settled between Magrath and Raymond where he became a very successful farmer and rancher. For the past number of years he has been spending the summers in Canada and the winters down in the sunshine.

Mrs. Hazel Wannop of Nanton spent a few days in town with her parents, Mr. and Mrs. Ira McBride, this week helping with wedding preparations.

The Friday Night Club met at the home of Mrs. Fanny McBride last week to enjoy the review given by Mrs. Lettie Litchfield of the Strange Brigade of John Jennings.

It was also suggested during the evening that some more ladies be asked to become members of this Club.

A delectable lunch was served by the hostess and co-hostess, Mrs. Helen Babb, whose salad, it was agreed by all, was the tastiest ever eaten.

Pat Strong has been a pretty busy girl of late. She was the recent guest artist on "Recital Time" and last week she was the winner of the weekly contest "Talent Hunt". On recital Time she played one selection of Beethoven, one by De Bussy and two by Chopin.

At the First Ward Relief Society this week the Literature Lesson was presented by Luella Taylor in the meeting conducted by Mrs. Minnie Litchfield. All the ladies of the First Ward are invited to attend these meetings at 2:30 Tuesday afternoons.

The 17th of March program at the First Ward Relief Society marked the fiftieth anniversary of that organization in Raymond. This occasion was celebrated by having a lovely program, which consisted of the lesson, "Storage Space" given by Lauretta Dahl, two comic readings by Luella Taylor, a vocal solo by Angellina Nalder, a recitation by Cynthia Hogue, a reading by Melba Holmes and a vocal solo by Connie Fisher. Councillor Minnie Litchfield made and decorated a birthday cake complete with candles. A former President, Mrs. Annie Woolley lighted the candles and Mrs. Retta Walton, also a former President, blew them out. The present President, Mrs. Virginia Holmes, cut and served the cake to the 43 ladies present in a room beautifully decorated by Mrs. Gertrude Tycheen. A tasty lap lunch was also served after which Mesdames Woolley, Walton, Taylor, Nalder and Nilsson reminisced about the days gone by.

The party also served as a farewell for Mrs. Alice Still who has moved out of the Ward.

The five month old daughter, Caroline, of Mr. and Mrs. Joe Goy passed away Wednesday morning after having been ill all of her short life. Funeral services were held at the home of her parents that afternoon with close friends and neighbors present to offer their condolences.

Mr. and Mrs. Goy also have on son and one daughter.

Rotary Club To Sponsor One-Act Plays

On Thursday, March 26, the Raymond Rotary Club will present for the enjoyment of the people of this district two very fine one-act plays. "The Maker of Dreams" is a fantasy that features Kay Salmon as Peirrot, Pat Strong as Peirrette and Arlie Hudson as the Maker of Dreams. "The Confessional" deals with present day social problems and has a cast of five—Baldwin, John Allen; his wife, Dora King; his son, Derald Miller; his daughter, Margaret Jacobs; Marshal, Myron Holmes.

These plays are being prepared as entries for the Provincial Drama Festival and one of them will be taken to Cardston for presentation there. An adjudicator of the Drama League of Alberta will be present on the 26th to judge and give public as well as individual criticism of them.

Preparations for these plays have been going on for the past month and the director, Myron Holmes, is sure that a full evening of entertainment is assured. A between-play interlude has also been arranged. Mr. Holmes is being assisted in the direction of "The Maker of Dreams" by Mr. and Mrs. Fritz Dahl and on "The Confessional" by Mr. and Mrs. Alma Hancock.

The proceeds from this venture are for the Memorial Library Fund.

Make it a date! Be at the Stake House on Thursday, March 26th., for the presentation of "The Maker of Dreams" and "The Confessional"—you'll be glad you did!

Mr. and Mrs. Allan Nalder and son of Blairmore spent the week-end in town recently visiting at the Cliff Nalder and Anne Larsen homes.

Anita McBride Weds Gordon Heggie In Cardston Temple

On Wednesday, March 18, Anita, daughter of Mr. and Mrs. Ira McBride exchanged marriage vows at the Alberta Temple with Gordon, son of Mrs. Retta Heggie and the late Mr. Velv Heggie. President Smith officiated in the presence of close friends and relatives.

The bride was lovely in a gown featuring white lace bodice and insets of lace in the full double net skirt. The insets were edged with ruffles and the yoke of the dress was fashioned with beadwork. The three quarter length veil fell from a heart shaped lace cap edged in satin and a bouquet of red roses and white carnations was carried by the bride.

Mrs. Donna Rae Garner, in a blue broadened gown was the bride's Matron of Honor and Bernice Dahl, Ladene McBride and Evelyn Heggie were Brides Maids; wearing gowns of pink, rose ballerina length and blue ballerina length respectively each carrying bouquets of daffodils and carnations. The Flower Girls, Betty Lou and Kay Fawns carrying bouquets of lilies and carnations, were in blue nylon. Supporting the groom were Lloyd Ralph and Don Baker.

Mrs. McBride chose a dark rose frock trimmed with matching lace while the groom's mother wore a tan faille with metallic trim. Red rose corsages complimented the ensembles.

The many guests attended the Reception during the evening were greeted by Mr. and Mrs. Henry Ehler and Mr. and Mrs. Max Heggie while the gifts were attractively arranged by Colleen Christensen, Kay Stone, Shariene Fawns and Colleen McLean. Mrs. Hazel Wannop was in charge of the Gift Book and June Woodhead presided at the Guest Book.

The Bridal Party received the guests in front of the bay window, in the Relief Society Room which was decorated with a pink and white valance while a profusion of blooms in the room added further beauty. The wedding cake, sitting in a bed of green fern and tiny rosebuds flanked by pink tapers, was displayed on a white covered table.

Mr. and Mrs. Malcolm Bridge and Mr. and Mrs. Doug Heggie assisted in the serving and seating of the guests while dinner music was played, with Norma and Nadene Meldrum, Mary Snow and Shariene Sommerfeldt in pastel ballerina dresses taking the plates. Mrs. Delecta Sommerfeldt was in charge in the kitchen.

The Wedding March was played as an organ solo by Roi Stone while the Bridal Party entered the Recreation Hall and were seated on the raised platform in front of the pink archway, with the Bride and Groom sitting on an white draped loveseat and the attendants surrounding them. The pink and white theme was carried out here as well with pink and white silhouettes of the bride and groom framed in silver and gold glued to the windows and bouquets of flowers on the window sills and on the stage. Mr. and Mrs. Howard Rasmussen and Mr. and Mrs. Claude Peterson were in charge of the decorations.

(continued on page two)

Mr. and Mrs. Melvin King had as their guests on Sunday, Mr. King's sister and her husband, Mr. and Mrs. Fowler of Lethbridge and their son-in-law and daughter, Mr. and Mrs. Hugh Ingram also of Lethbridge.

Mr. and Mrs. Bill Nalder were hosts to their Study Group Sunday evening, at which Dr. Gordon Anderson presented the lesson from the Book of Mathew, followed by a delicious lunch served by the hostess.

Electric Fish "Barriers": As part of Mrs. Lucia Zemp of Lethbridge was an elaborate plan to protect stocks of in town for the Honored Guests Day salmon and trout in Scotland, electric last week and spent the night as the "barriers" are being laid across guest of her son and daughter-in-law, streams which have been developed Mr. and Mrs. Reed Zemp. for hydro-electric power. Made up of electrodes that send out electric pulses, the barriers guide the fish on their way to the fish passes and ladders and keep them away from the sluices and turbine intakes.

John Redd, who has been working in Calgary, has arrived home to spend the summer with his parents, Mr. and Mrs. Paul Redd.

The 17th of March is the anniversary of the day that St. Patrick drove all the snakes out of Ireland and as a result many children born on that day are named his honor. Such is the case with Pat Strong — last week she celebrated her 18th birthday by being guest of honor at a party. Games, dancing and a lunch were enjoyed by a group of her friends.

ALBERTA Good Seed Week Campaign

Sow Good Seed

FOR BETTER CROPS

The Alberta Pacific Grain Co. (1943) Ltd.

Mr. and Mrs. Ken Stone were business visitors in Calgary for a few days this week. Devoe Matkin has received word of the passing of his brother-in-law, Dr. Reinhold of Venice, California.

(continued from page one)

Veron Garner was Master of Ceremonies for the entertaining program which commenced with a vocal number "The Loveliest Night of the Year" by Mrs. Geraldine Duell after which Mrs. Virginia Rolison gave a lovely Reading "Reveries". "My Hero" and "Sometime" was sung by Carma Woolley followed by a piano solo by Verla Blackmore "The Bells of St. Mary", and before Bishop Hickens talk on "Marriage Customs and How They Originate" Mrs. Viola Blackmore and Verla sang as a duet "My Love Loves Me". The Toast to the Bride was proposed by Bishop Snow with Gordon responding.

For her honeymoon trip, Mrs. Heggie donned a blue plaid, bolero type suit with black accessories and pinned on her pink rose corsage.

The newlyweds will make their home in Coutts where Gordon is employed with Havlock and Smith.

Mrs. Vi Meeks was hostess to the Psychology Club when they met last Wednesday with Mrs. Virginia Holmes giving the lesson on Recreation With Your Children.

It was decided at this meeting to make parcels for the Grab Bag which the Hospital Auxiliary is having on Hospital Day.

A delightful lunch was served the members and the special guests, Mrs. Eva Hervey and Mrs. Donna Meldrum.

Mr. and Mrs. John McPhee left on Wednesday for Edmonton, taking with them members of the RHS Comet Team who are playing in Edmonton. Mr. and Mrs. Derald Miller also took up a carload of players.

ARMY-AYV

One of the biggest jobs in the Army — and, in fact, in Canada — falls to the ROYAL CANADIAN ORDNANCE CORPS. This Corps has the huge job of obtaining and distributing everything the Army requires from shoe laces to tanks — over 220,000 different items.

As the Canadian Army grows, the job of Ordnance grows. Right now more men are needed — men who can qualify as storemen, clerks, tailors, shoemakers and canvas workers. The Army will train men in any one of the many different trades and skills required by Ordnance. Once trained, the young man who serves in this Corps will find truly outstanding opportunities for promotions.

With general conditions of service, pay and pension plans at an all-time high, there are wonderful prospects for young men in Ordnance. Learn a trade and build an unusual and important career for yourself in the Royal Canadian Ordnance Corps.

You are eligible if you are 17 to 40 years of age, tradesmen to 45, physically fit and able to meet Army test requirements. Applicants should bring birth certificate or other proof of age when reporting for interview.

TRUCKS

for '53

**ALL-NEW
DRIVERIZED
CABS**

Finest truck cab on the road... with every feature Driverized to make driving more comfortable—safer—more efficient! New one-piece curved windshield is 55% bigger... new full-width rear window... new larger side windows with sills at arm-rest height. New wider seat—new counter-shock seat snubber! New wider doors! New curved instrument panel! New heating and ventilating system! New interior trim! New rugged hardware throughout! Choice of standard or Deluxe Cabs!

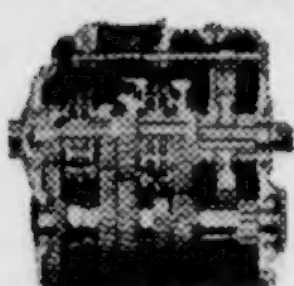

HERE... now! All-new every way for '53—the greatest Ford Trucks of all time—introducing, for the first time, a completely-new idea in truck engineering—DRIVERIZED DESIGN. Now, at last, here are trucks specifically designed and built to increase driver efficiency... to get jobs done faster! With this entirely new principle of design and all-new time-saving features, Ford Trucks take the lead again in providing new hauling economy!

Driverized Design has developed the greatest advance in truck cab comfort... Driverized Design combines shorter wheelbases, wider front tread and new brakes for greater manoeuvrability, shorter turning radius and better control. With Driverized Design, Ford Trucks offer the greatest choice of Synchro-Silent transmissions in any line!

For 1953, Ford Economy Trucks present a greatly expanded line... 8 new Series... 17 wheelbases... with ratings that range from G.V.W.'s of 4,000 lbs. to G.C.W.'s of 55,000 lbs. With over 100 models and a choice of four great V-8 engines, there's a Ford Economy Truck that's right for your job... to save time—cut costs—last longer. See your Ford Truck Dealer!

ALL-NEW DRIVERIZED TRANSMISSIONS

Now—the widest choice of transmissions ever offered in any line! New Synchro-Silent Transmissions standard on all models. "Double-clutching" eliminated—"down-shifting" is easier, safer! Choice of 5-speed Direct Drive or Overdrive Transmissions on "Big Job" Series! Choice of five transmissions on Series F-100 including smooth, thrifty Overdrive and Fordomatic Drive!

ALL-NEW DRIVERIZED MANOEUVRABILITY

Ford's new 4-inch shorter wheelbases and new, wider front tread offers greater manoeuvrability, shorter turning on all models—provides easier handling—faster, time-saving operation. With the new front axle location, driver sits in the comfort zone where the riding qualities are finest.

V-8 POWERED for PERFORMANCE

Four great V-8 engines, including the two mighty "Cargo King" V-8's for Ford Truck "Big Jobs"... famed for performance and dependable hauling. Truck-built and engineered by the leader in V-8 engines with further advancements for a longer lifetime of low-cost, rugged service. High sustained torque output... big work reserves... traditional Ford thriftiness with Power Pilot Economy in every model to save on every mile.

CANADIAN GARDEN SERVICE by Gordon Lindsay Smith

Shrubs, Trees and Vines—Permanent plantings in the way of shrubs, trees and vines need most attention in early spring. This is usually the proper time to prune and that job which mainly consists of thinning, shaping, letting in the light and removing weakened or dead branches, can be carried on safely from February to early June. There are a few particular points to remember. Early flowering shrubs like the forsythia and spirea are best pruned after blooming not before, and some fruit trees, grapes and such which "bleed" excessively should be pruned very early in February or March. With ornamental shrubbery and trees one is advised to encourage the natural form rather than shape drastically.

In choosing shrubbery one should keep in mind the height of buildings and fences nearby. With the modern bungalow or the low ranch house it would be a great mistake to surround with tall things, though one or two fair sized trees, 50 or 100 feet away may add interest. It is also well to note the mature size of every shrub and tree and to allow for full development. Far too many people make the mistake of planting shrubbery right up against the house wall and then wonder why it grows scraggly, if at all. These things must have room to develop. They should be at least half as far away from any fence or wall as they will be high at maturity. That means two to four feet for most shrubs in the average Canadian climate. Another thing to avoid is planting under a low overlapping roof.

For Winter Beauty—The appearance in winter and the attractiveness or otherwise to wild life is well worth noting. Not all of us live in the so-called banana belt of Canada and must expect six months every year when deciduous shrubs and trees are bare. Because of that many people mix in a few evergreens, and they also choose some shrubs that have brightly colored bark or berries. The latter, too will interest and hold birds.

Labor Savers—The ancient man who first thought of the long handle should have a monument erected in his honor by the gardeners of the world. With some jobs like thinning tiny plants or getting the first and closest weeds removed in both flower and vegetable gardens it is necessary to bend one's back. But a long handle on rake, cultivator, spade or other tool will eliminate much of that painful exercise. Specialized tools will also banish much drudgery, things like D-shaped Dutch hoes, three and five-pronged, hand cultivators, wheel hoes for larger gardens, small tractors, wheel barrows, leaf sweepers, power lawn mowers, sprayers, scythes and so on. Much of this equipment will cut hand labor as much as 90%. Keeping it sharp and clean cannot be over-emphasized. One can work twice as fast and with half the effort with a sharp cultivator or hoe.

Vegetable Layouts—All that has been said about informality in the flower garden should be forgotten when it comes to vegetables. Here string-straight rows are essential, not only for neatness, but for getting capacity and for easing cultivation. Usually on the seed packet are precise directions regarding width of rows and spacing. With small things like carrots, beets and lettuce, if necessary, one can have as little as six inches between rows, though at least twice that makes things easier. Beans and peas will require a foot to 18 inches. Potatoes and corn need still more. For economy and interest, trailing or tall things like cucumbers or tomatoes can be grown around the edges of the vegetable plot, and also certain flowers for bouquets like sweet peas and gladiolus.

RECIPE FOR SUCCESS

Find out where the money is and get there as quickly as you can get there and when you get there get all you can get there and then get out of there with all you could get out of those that were there before those that are there get out of you all you got there after you got there.

PROVERBS OF 1953
More waist, less speed.
The early turn gets the bird.
In the midst of life we are in debt.

One way to get on is to find a better way of doing things.

Crying Record
In England more than 3,000 borrow phonograph records from public libraries.

Tony, aged 10, who lived in a village near London, considered himself very adult. Sometimes his mother was much amused by this "mature" outlook.

Golfer's testimonial to Holeproof Hosiery Co.
"Half-an-hour after wearing your socks, I got a hole in one".

One man in Burnley, Lancashire, rather puzzled the assistants at the public library as he called regularly to renew a record of a Hungarian lullaby. It was not until he complained that it was "worn out and the scratching noise made the baby howl, that they learned that he had used it every night for four months to send his young baby to sleep.

One day he was standing with his mother on a busy street corner, watching the cars and bicycles go past. He noticed his aunt and uncle approaching on power-driven bicycles ("put-puts"). His mother had not noticed her sister and brother-in-law. Soon the pair waved and passed.

Tony gave them a pleasant but I've-grown-out-of-that-stage gaze. Then he turned to his mother, who was now waving, and exclaimed with a voice of great experience: "Mother, there goes the younger generation."

"Liberty is not possible for one except as it is defined and limited by equal liberty for others". —Eisenhower.

FOR CANADA — U. K. SERVICE: The 19,665-ton luxury De Grasse has been purchased by Canadian Pacific Steamships for the transatlantic trade. The vessel, formerly operated by the French Line on the Harve-New York service and on West Indies cruises where she built up an enviable reputation for her comfortable and spacious accommodation will replace the Empress of Canada, which was destroyed by fire recently at her Liverpool dock.

The De Grasse has accommodation for 358 first class and 355 tourist passengers. It is expected that she will enter service under her new ownership sailing from Liverpool April 28 for Montreal. The ship was scuttled by her French crew during World War II to prevent her falling into the hands of the Nazis, and after the war was refloated and completely reconditioned, re-entering peace-time service in 1947.

PIANOS

The Alberta Piano Co., Ltd., Calgary, Alta., offers amazing values in new and refinished pianos, all carrying our service guarantee. Prices to suit every pocket-book from \$200.00 upwards, including such makes as Kurtzman, Gulbranson, Mason & Rich, etc. Our demonstration vans will visit points in Alberta by request. A fine stock of new pianos is always available in Blond, Walnut, or Mahogany.

EXPERIMENTAL STATION WEEKLY LETTER

Recommended Wheat Varieties For
Southern Alberta in 1953
H. McKenzie — Cerealists

The Alberta Varietal Zonation Committee meets annually to review recommendations concerning the most suitable cereal varieties to grow in Alberta. Many of the recommendations remain unchanged from year to year. However, when new varieties prove superior to clear varieties in yield or other characteristics, they replace the older varieties on the recommended list.

Thatcher continues to be the largest yielder and is recommended in all southern zones which include 1, 2A, 2C and 3A. Thatcher is resistant to lodging and shattering, stem rust (except race 15B), loose smut and spring frost injury, but is susceptible to bunt. The bushel weight of this variety may be low under drought conditions and also the kernels tend to bleach easily.

In the areas of Zones 1, 2A, and 2C, where sawflies are a problem, Rescue is recommended. This variety tends to be somewhat lower in yield than Thatcher. Rescue is resistant to stem rust (except 15B) but is susceptible to loose smut, bunt and spring frost damage. The kernels have less tendency to bleach than those of Thatcher. Because Rescue has poorer milling and baking characteristics than Marquis it has never been recommended for grades above 3 Manitoba Northern. Rescue should only be grown in the sawfly-infested areas.

Saunders is recommended in Zone 3A where its yield performance is similar to that of Thatcher but it is inferior to Thatcher in yield. The earliness of Saunders is important in the foothills region where fall frosts may be a problem. This variety is resistant to lodging, stem rust (except 15B) and loose smut and is moderately resistant to bunt.

Seed supplies of the new variety, Chinook, are limited. Chinook is recommended in Zone 1 where it has performed well. The outstanding characteristics of this variety are its sawfly resistance, its ability to produce a high bushel weight under dry conditions, and its good milling and baking quality. Because of its high quality, Chinook is eligible for top market grades. The yield of this variety is slightly below that of Thatcher. It is resistant to stem rust (except 15B) but is susceptible to loose smut and bunt.

In addition to choosing the varieties best suited to their areas, grain growers will find it profitable to use good seed, to run germination tests, and to treat the seed with a suitable fungicide.

For further information see your district agriculturist or write to the Experimental Station for a copy of the bulletin, "Varieties of Grain for Alberta, 1953".

QUICK CANADIAN QUIZ

1. How many miles wide and long is Hudson Bay?
2. What industry pays the most in taxes to the federal treasury?
3. Although B. C. has no native ore for this new industry and will import all its raw materials, the province will soon be a big producer of what metal?
4. What percentage of Canada's forest resources are publicly-owned, Crownland timber reserves?
5. From 1941 to 1951 did the number of Canadians working in agriculture increase or decrease?

ANSWERS: 5. Decreased from 1,082,074 to 827,030. 3. Aluminum. 1. 800 miles long, 595 miles wide. 4. 90 percent. 2. The forest products industry.

FREE MEN MUST THINK

The newly elected president of the United States is not an orator in the sense that Churchill is an orator, but in his first inaugural address he spoke with a conviction and good sense that lent an unchallengeable dignity to undramatic words. "There is," he said, "in our affairs at home, a middle way between untrammelled freedom of the individual and the demands for the welfare of the whole nation. In every area of political action, free men must think before they can expect to win. In this spirit must we live and labor."

We are back in business and

Notes From Your District Home Economist

MISS LILA ENGBERG

The Alberta Provincial Department of Agriculture publishes study material for girls to use in their 4-H Club. Their first Home Decoration Project for hankerbchiefs, hangery and stockings, a shoe bag, hanger cover and hat stands. These are aids in keeping the bedroom neat. A bedroom slogan should be — "A place for everything and everything in its place". Your closets can be beautiful. If your room is to be kept neat you need a closet. The shallow closet is most economical with the openings nearly as long as the closet itself. The size, shape and arrangement of the closet should be such as to make readily accessible all articles which are in frequent use.

Planning a room is like fitting together the pieces of a jigsaw puzzle. Every part should fit together to give a complete and attractive picture. Each girl in the Club plans to redecorate her own room. If this cannot be done in fact it is done on paper. The "room on paper" is carefully planned showing every detail. Wall's and floors are considered first. Should the walls be painted, papered or calomined? What colors are suitable? What should be done about the floors? If you are placing rugs in a room keep in mind the structural lines. The best arrangement is to have the sides of the rug parallel to the wall of the room. Now comes the furniture and its arrangements. The large pieces should be placed first. These should also be placed parallel to the walls of the room and not on an angle. If the girls want pieces of

furniture they make them out of boxes and scraps of lumber. They do some sewing too. They make quilted cases for hankerbchiefs, hangery and stockings, a shoe bag, hanger cover and hat stands. These are aids in keeping the bedroom neat. A bedroom slogan should be — "A place for everything and everything in its place". Your closets can be beautiful. If your room is to be kept neat you need a closet. The shallow closet is most economical with the openings nearly as long as the closet itself. The size, shape and arrangement of the closet should be such as to make readily accessible all articles which are in frequent use.

The second Project that the girls take is — "decorating the Home". Here they extend their knowledge of decorating and make "more rooms on paper". The girls learn to decorate their own homes through studying and working together. Thus they are "living" the motto for Alberta 4-H Clubs — "Instruct oneself — Enrich ones life".

WARBLE TIME

Don't let the warbles steal your profits. Every year they cost the dairy and beef industries of Alberta an estimated \$3,000,000. Examine the backs of your cattle carefully, advises W. Lobay, Supervisor of Crop Protection, Alberta Department of Agriculture, and start treatment when the first grubs are ready to emerge. This is actually in March. For the best kill, two more treatments should follow at thirty day intervals.

Use derris or other rotenone-containing material, Mr. Lobay advises. If only a few head of cattle are to be treated an effective wash can be made by using 1 lb. of 5% rotenone powder. This should be mixed in 1 gallon of water which has been dissolved 1/4 lb. of soap.

Apply the wash to the backs of the cattle with a brush or sponge, rubbing hard to break the crust that covers the holes in the lumps. The wash must penetrate these openings to kill the grubs. For larger herds, a high pressure sprayer is desirable. A minimum of 400 pounds pressure is required, and a spray gun delivering a flat fan-shaped spray is preferable. A suitable spray can be made up of 7 1/2 lbs. of 5% rotenone in 100 gallons of water to which has been added 1 lb. of soap.

Community action for warble control is highly desirable, but individual control is also very effective. Prepare to treat your cattle now and urge your neighbors to do the same, advises Mr. Lobay.

Mr. and Mrs. Milton Hirsche of Lethbridge were Sunday guests at the home of Mr. and Mrs. N. E. Hirsche this week.

Seeing in a book a photograph of a Greek temple with only the columns left standing, my little son asked: "Mommy, why didn't they finish building? Were they on strike?"

Mr. and Mrs. Lloyd Dahl motored to Taber on Sunday where they were the dinner guests of Mr. and Mrs. Waldo Tollestrup.

Mrs. Emma Dahl entertained the Neighborhood Club Thursday evening at her home with special guests being her sister, Mrs. Leah Jones of Taber and Mesdames Irene Bowden, Mary Thompson, Elaine Salmon, Sara Holt and Miss Gladys Holt.

A pleasant evening was spent chatting and sewing followed by the serving of refreshments.

Are Red Cross Workers Paid?

In Financial Terms The Answer Is No!

Every Red Cross canvasser works without pay.

They give up their spare time willingly in this cause to help others.

Good citizens will show by their courtesy that they appreciate this unselfishness.

And show by their own contributions that they, too, realize the importance of supporting Red Cross work, in peace or war.

Give To The Red Cross

The Mutual Officers of the Second Ward met recently at the Joe Strong home with Carol Shaw presenting the lesson. After the discussion period a lunch was served.

Mr. and Mrs. Gilbert Wells visited with their daughter in Edmonton for a few days last week.

Bill Fairbanks was recently re-elected as a Director of the Alberta Quick Freezes Locker Assn. at the annual convention held in Edmonton. This is Bill's second year as a director.

YOUR GOVERNMENT

by donald a. smith

EDMONTON — Last week in the Alberta legislature seemed to be cabinet ministers' and city members' week, with only three rural members getting to their feet as the debate on the budget speech began.

Opposition Leader J. Harper Prowse (Lib., Edmonton) and CCF Leader Elmer E. Roper (Edmonton) both charged that too much is being spent on highways which are not being properly built. They complained that the province's roads are breaking up at one end before they are completed at the other. Mr. Roper called on the government to set up a commission of international experts to study the province's road-building problem. Both leaders claimed that the government is not giving the municipalities all the financial aid possible, with Mr. Prowse suggested that with its surplus the government could make all municipalities debt-free, overnight.

Later in the debate, Peter Chaba (SC, Redwater) said the cities may not be satisfied but the "rural people are enthusiastic about the grants to municipalities". Actually, he added, rural citizens are helping pay city taxes by patronizing city business, which in turn pays taxes to the cities.

The extent of Alberta's teacher shortage, which received considerable discussions by members of both sides of the house earlier, was minimized by Education Minister Anders O. Aalborg (Alexandra), who said the situation is far more acute in other provinces.

In reply to earlier suggestions that higher pay would attract more teachers, the minister said the average of \$2,343 paid to rural teachers in 1950-51 was the highest in Canada, outside of possibly B. C.

J. Percy Page (PC, Edmonton), a former teacher, pointed out that there were probably 20 former teachers in the house, asked: "Why, then, do these teachers leave their jobs to take up something else?" He said he thought the education minister gave the wrong impression. "A salary of \$2,700 is nothing to boast about", he said.

Mrs. C. R. Wood (SC, Stony Plain) said that if the opposition members are not satisfied with the premier's budget, it is because it is "an ortho-

dox budget which cannot meet the needs of today. She blamed faulty monetary practices.

"Instead of taking away from the people by taxation, the opposite should be done," she said. "This government has done much, but much more could be done if it could control credit."

R. Earl Ansley (Ind. SC, Leduc) took government members to task for not pressing "real Social Credit" ideals. He said his constituents are disappointed by the interest rates proposed on loans to municipalities and co-operatives and, also, feel that direct assistance to education falls far short of what was anticipated.

Dr. W. W. Cross (Hand Hills), minister of health, suggested that \$1-a-day hospitalization will be just that, with the government proposing to pay 50 per cent of hospital "extras" borne by municipalities. It means that patients of hospitals in 52 of the province's 65 municipal hospital districts would pay only \$1 a day in hospital. These districts already are paying 50 per cent of the extras and could pay the whole thing at no extra cost with the government refunding 50 percent.

Attorney-General Lucien Maynard (St. Albert), in one of the session's longest addresses, refuted claims made by Opposition Leader Prowse, that the government was the most expensive ever known. Mr. Maynard told the house today's spending could not be compared with that of many years ago, because the province is growing and citizens are calling for ever-greater services.

Minister of Lands and Forests Ivan Casey (Okotoks-High River) reported 500,000 acres (one-third of Alberta's homestead acreage) under lease to 1,796 veterans.

It is understood that plans to boost the speed limit from 25 to 30 miles per hour in cities, towns and villages, are going to be changed as a result of protests from many towns and villages. The speed limit will remain at 25 miles per hour, except in the cities, which may set it at from 25 to 30.
